• Disclosure of Risk and Revocation of Discretionary Trading Authority

You have or will provide Vision Financial Markets LLC with a Limited Trading Authorization or other document by which you grant trading authority and control over your commodity trading account carried by us to:

Print Name of Account Controller

We wish to bring the following to your attention:

Since the risk of loss is high in futures trading, only genuine "risk" funds should be used in such trading. A person who does not have extra capital that he or she can afford to lose should not trade in the futures market. No "safe" trading system has ever been devised and no one can guarantee you profits or freedom from loss. In fact, no one can even guarantee that the extent of your loss will be limited.

Even though you are granting trading authority to another person, you should monitor your account regularly. We will send you a confirmation of every trade made for your account and a profit and loss statement showing the financial results of each offsetting transaction for your account. In addition, we will send you monthly statements showing your ledger balance, the open positions in your account, the net profit or loss in all contracts closed since the date of your most recent statement, and the unrealized profit and loss in all open contracts figured to the market. You should carefully review these statements and call us immediately with any questions or discrepancies.

In Order to Revoke Trading Authorization:

The trading authorization over your account will remain in effect until revoked in writing by you or by virtue of your death or if your account is closed. All transactions in your account (whether initiated before or after the date of your death) are valid and binding until we receive such revocation or actual notice of your death.
